“Guiding You Since 2015: A Journey of Trust & Transformation”

Golden Walk Educational & Visa Services was established in 2015 by a dynamic group of global education professionals and migration experts. Based in the academic heart of Kathmandu, near Shankardev College in Putalisadak, we have grown into a nationally recognized and internationally trusted educational consultancy.

We serve students across Nepal through our Kathmandu headquarters and branch offices in major cities. With an active office in Sydney, Australia, we provide a cross-continental bridge to connect Nepalese students with top global institutions.

Whether it's student visas, work permits, PR consultation, or business migration, we have helped thousands of students and families achieve their international dreams—with passion, precision, and professionalism.

Our Mission, Vision & Value

"Empowering Through Education.

FUTURE PLAN

Investment In It:

We are investing in IT on different projects like CRM software and we are also a partner of Mini soft It company as well as a direct partner of digital payment partner ICASH wallet.

Branch Extension to Major Locations:

Establish new branches in major districts and cities to expand the physical presence of the Golden Walk Educational and Visa Services, and help in building trust and credibility among clients, as they would have easy access to dedicated visa experts.

Partnership with American and Global Universities:

Build strategic alliances with prominent American universities as well as reputable universities world-wide to offer specialized visa consultation services to international students. Golden Walk Education and Visa Services can collaborate with university admissions offices and international student departments to provide comprehensive support throughout the visa application process.

Expansion of International Partnerships:

Forge partnerships with visa consultancies and immigration firms in various countries to expand the consultancy's global reach. Collaborating with established firms in different regions can facilitate knowledge sharing, client referrals, and mutual support.

Development of Alumni Support Network:

Create an alumni support network comprising past clients who have successfully obtained visas and pursued their study or work opportunities abroad. This network can serve as a platform for sharing experiences, providing guidance, and mentoring new clients.

Digital Ecosystem and Global Technology Ventures

Golden Walk Educational and Visa Services is rapidly transforming into a digitally driven enterprise focused on innovation, efficiency, and global expansion. A key part of this evolution is the upcoming launch of ATLAS, our advanced proprietary CRM portal designed to securely manage and track the complete student processing journey with transparency and accuracy. Simultaneously, Golden Walk is expanding into the international technology sector through the development of a specialized digital driving application in Australia. This strategic tech venture reflects our commitment to automated solutions, borderless utility, and future-focused digital excellence
